

## **CALLING ALL WELSH STUDENTS WITH DISABILITIES 2010**

### **Moving On Together**

#### **Planning for entry to Further Education, Higher Education and Training for Young Disabled People: 4 March 2010.**

The Welsh Assembly Government is making improvements to support disabled young people into adulthood and their families/carers – based on the hopes, plans and desires of young people.

To explore all the issues, the Welsh Assembly Government and CCNUK are hosting a Conference on 4 March 2010, at the Royal Welsh Showground, Builth Wells.

The principal focus of the event is the experience of disabled young people. The organisers of the Conference are looking for young people to share their views at the Conference – and in doing so, help to inform future policy in Wales.

#### **Is this You?**

Are you a student or learner from Wales, learning in Wales, and interested in making a presentation to a small to medium sized audience at the Conference? The presentation would last about half an hour, and might be repeated at a later point in the day. The presentation can be in a variety of formats by groups or by individuals: short play, presentation, radio broadcast, an inter-active session, or simply a talk – it's up to you! And designed by you!

#### **What can I Achieve?**

You can be a part of the changing face of Wales. Your experiences and opinions are importance. You will be influencing future policy making - and enhancing your CV. You might be able to include the presentation in a portfolio of activity for personal development planning (talk to your tutor!) – and you may also have the opportunity of getting involved with Able Radio, and local radio broadcasting.
